

# International Symposium in Okinawa, 2023, on Ciguatera and Related Marine Biotoxins

-Post symposium of the ICHA2023 Hiroshima-

Web site: <https://www.ac-research.jp/crmb2023/>

Dates: **November 13-14, 2023**

Venue: **Okinawa Convention Center**, Conference Building A

4-3-1 Mashiki, Ginowan City, Okinawa 901-2224, Japan

<https://www.oki-conven.jp/en/>

## Invited Speakers

Prof. Ana Gago-Martinez (University of Vigo, Spain)

Prof. Jordi Molgó (French National Center for Scientific Research, France)

Dr. Elizabeth Mudge (National Research Council, Canada)

Dr. J. Sam Murray (Cawthron Institute, New Zealand)

Dr. Naoki Sugimoto (National Institute of Health Sciences, Japan)

Prof. Manabu Tokeshi (Hokkaido University, Japan)

Prof. Takeshi Tsumuraya (Osaka Metropolitan University, Japan)

## Call for abstracts

The poster presentation session is now open for abstract submissions (deadline: 14 Sep 2023). The fields of presentations are chemistry, analysis, epidemiology, toxicology, and etiology of the ciguatera and ciguatoxin. Also, other marine biotoxins are included (e.g., maitotoxin, gambieric acid, gambierol, palytoxin, okadaic acid, azaspiracid, saxitoxin, and tetrodotoxin).

We are very welcome submissions by young scientists and students.

### Registration Fees (including welcome party)

Regular (early bird registration): JPY8,000-

(late registration): JPY11,000-

Student: JPY3,000-

### Important Dates

Abstract submission: 14 September 2023

Early bird registration: 14 September 2023

Late registration: 30 October 2023

### Organizing Committee

#### Honorary President

Prof. Takeshi Yasumoto

#### Advisory Board

Prof. Masahiro Hirama

#### Chair

Dr. Naomasa Oshiro

Prof. Ana Gago-Martinez

Dr. Tomoji Igarashi

Prof. Tsuyoshi Ikehara

Prof. Michio Murata

Prof. Hiroshi Nagai

Prof. Masayuki Satake

Prof. Takeshi Tsumuraya

Prof. Mari Yotsu-Yamashita
