

## The Gala dinner Application Procedures

### Gala Dinner

For this gala dinner, we have planned a variety of activities outside of the convention center to enhance your enjoyment of Hiroshima.

The first will be held at Hiroshima Castle (in the plaza in front of the Hiroshima Gokoku-jinja Shrine) as a unique Garden Pre-Party venue. With a view of the castle in the background, you will be able to enjoy the atmosphere of Hiroshima.

Second, we will offer a gala dinner menu featuring ingredients from the 23 cities and towns of Hiroshima Prefecture, which was served at the welcome reception hosted by the Hiroshima Prefectural Assembly on the occasion of the G7 Hiroshima Summit. We will also prepare a collection of local sake from Hiroshima Prefecture's famous sake breweries and food from Hiroshima.

In addition, we will take the first 100 people who wish to join us to Nagarekawa, Hiroshima's entertainment district, to experience Japan's "Hashigo-zake" (bar hopping) culture. Please enjoy this culture of drinking at various places and mingling with various people.

\*Part of this tour will be conducted as a pilot project by the Japan Tourism Agency.

Therefore, we will ask you to complete a questionnaire about the program content on the day of the event.

We will also record the day's events on video and in photographs.

The videos and photos will be used by the Japan Tourism Agency, JNTO, and the Convention Bureau in a "book of materials" to be prepared mainly for domestic and international media and travel agencies.

Please note that those who have applied for participation will be deemed to have agreed to the above.

### [How to pay by credit card]

The credit cards listed below can be used to make payments.

Your credit card statement will show that the payment has been made to the name of JTB Corp., which is the agent handling registration.

Visa, MasterCardR, JCB, AMEX, Diners Club

### 1. For VISA, MasterCardR, and JCB cardholders

This system supports 3-D Secure for certain cardholders in order to provide a more secure online payment experience.

#### What is 3-D Secure?

This system adds an authentication step to the online payment process by requiring the user to enter a previously registered password on an authentication screen provided by the credit card issuer, when the risk of unauthorized use is determined to be high. International credit card brands VISA, MasterCard®, and JCB recommend that merchants make use of this system.

Credit card issuers use different names to refer to their implementation of 3-D Secure, including Verified by VISA (used by VISA), MasterCard® SecureCode™, and J/Secure™ (JCB).

\*Some issuers allow cardholders to use the same password they have been assigned for accessing their monthly statements online or having them sent by email. If this password is not entered, or if an incorrect password is entered, the online transaction will not be completed.

\*If you forget your password or experience other authentication-related issues, please contact your credit card issuer. (For more information, see your credit card issuer's website.)

\*In terms of the actual payment process, once you have entered your card information (issuer, card number, expiration date, and cardholder name), click the "Next" button to proceed to the credit card issuer's authentication screen.

#### [Attention]

\*If the authentication screen is not displayed, please confirm card number and expiration date, and take a procedure again. Or close your browser window, log onto the AMARYS registration screen again from the event website (scientific society conference, etc.), and enter another credit card on the payment page. Alternately, you may wish to contact your JTB representative.

\*If you cancel the authentication process on this screen, your online transaction will not be completed. (Avoid using your browser's "Back" button.) Also, canceling the authentication process will prevent you from returning to the current application screen, so you'll need to log onto the application top page again and repeat the payment process.

## 2. For AMERICAN EXPRESS(AMEX) and Diners Club International cardholders

Card number, expiration date and security code will be required for the payment.

\*The security code is the last 3 digits of the number printed above the card holder signature area on the back of the card.

\*For American Express cards, this is the 4 digits number stamped above the card number on the front of the card.
